Ref.C.No. 288-Sup'31.

Station P U T T U R; *Dated the* 25th FEBRUARY 1932.

From (Name) M. R. Ry. Holahalli Shiva Rao, Avergal.,
PRESIDENT;
(Designation) Taluk Board, Puttur, South Kanara Dt.

To The Secretary to the Government of Madras,
LOCAL SELF Govt.(Public Health)Department.
MADRAS.

Through, The District Health Officer, S.Kanara;
The President, District Board, S.Kanara, &
The Director of Public Health, Madras.

Sir,

Provincial subsidies were granted in the current year for the following water supply works out of the grant sanctioned in G.O.No.1071, P.H., dated 12-6-1931 and G.O. No.Mis.129, P.H., dated 19-1-1932;-

	Total cost.	Subsidy.
1. Well at Perlampady (completion)	Rs 108.	Rs 84/-
2. " " Bedrahalla	993	486/-
3. " " Nidgal.	657	329/-
	1,798/-.	899/-

Out of the subsidy of Rs 899/- Rs 289 has been resumed in G.O.No.129, P.H., dated 19-1-1932 making a balance of only Rs 610/- available of which Rs 84/- has been drawn on account of No.1 work - Perlampady well - which is complete. There is thus an unexpended grant of Rs 526/

available to earn which we have to spend Rs 1052/-. There is no money to spend from the Board's funds for its half contribution. Moreover, the well works Nos.2 and 3 shown above cannot be taken up before the year closes, - as the usual well-digging season is April and May. In these circumstances I should have ordinarily surrendered the promised grants but the prospect of having to do so has set me a-thinking as to how otherwise this grant could be utilised for a similar and equally good if not better purpose. I have arrived at a solution explained below, after personal consultation with the District Health Officer and I request that Government may be pleased to permit me to utlise the grant for the purchase of a second hand motor truck fitted with a water tank for water supply at the piligrim centre at Subramania, the Cattle Fair at Kulgunda and at other Fairs and Festivals in the taluk.

2. The motor truck will be a second hand four cylinder --- Chaverlet, on semi-solid tyres and fitted with a galvanised iron tank 8' X 3' X 3' which will have taps for drawing off water. Pure drinking water will be supplied through this truck to the people camping in the several places during the festival time. I invite the attention of Government in this connection to the correspondence which ended with G.O.No.2302, P.H., Mis. dated 18-9-1930 regarding the Subramania Water Supply Scheme. The -- proposal made now is much cheaper and serves the same purpose - equally well. Indeed the truck can also be used for watering the roads at intervals and thereby removing the dust nuisance which is rampant in these days.

3. I have just negotiated with the Canara Public Conveyance Company, Ltd., Mangalore for the supply of a second hand truck in excellent working order and I have been promised the supply of one at a very favourable price within the sum now available.

4. As for the other half to be contributed by the Board, I propose to get the same by applying from the Village Development Fund. I do not apprehend much difficulty in getting the money since both the Kulgunda Cattle fair and Subramania Shashti festival are of entire district and Provincial interest.

5. I request that Government may be pleased to approve of the proposal outlined above and permit the utlisation of the balance of the water supply grant for the purpose.

Your most obedient Servant.

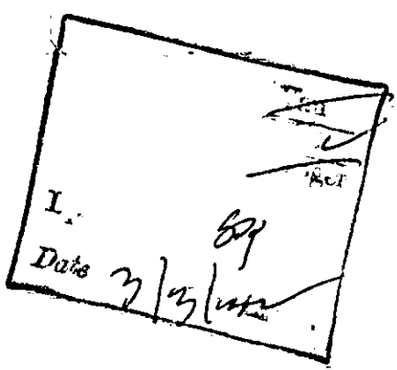
Grant - Rural water supply - obligation on the purchase of a motor truck fitted with water tank - proposal of the Puttur Th - submitted to.

1/3/32.

Order (MS) No. 448 DH 2-3-32

(B)

The attention of the O.T.B. Puttur is invited to the orders in G.O. No. 1563 DH Dy 19.6.29 and he is informed that the Govt have no objection to permit the TMB to meet (from the rural water supply grant) one half of the cost of the motor truck fitted with water tank, provided the TMB is prepared to meet from its own funds or otherwise the other half of the cost and also the annual maintenance and repair charges.



To

The O.T.B. Puttur

Thro the Deputy Kanara.
